

# Web Development Project

1. Improve your website about yourself/another topic!

Requirements:

- 3 to 5 pages
- Content about yourself/another topic
- Plenty of images
- Custom styling using both Bootstrap and CSS
- Hosted on GitHub.io
- External links to other websites (optional)

You will be evaluated on:

- Content (amount of text, images, etc.)
- Layout (easy to use, straightforward)
- Visual appearance (colors, fonts, etc.)
- Code cleanliness (indentation, spelling, logic, etc.)

**Assigned on August 7, 2016. Due August 14, 2016.**
